Product Description

The distribution trolley from RS PRO is a heavy duty trolley that is ideal for loading, storing and transporting a wide range of objects in various environments such as a warehouse. This simple and easy to use trolley features mesh sides with lockable doors on the front that is ideal for maintaining visibility of high value contents. The cage comes with a base shelf as standard, allowing you to load larger items, or alternatively 3 additional shelves can be purchased and installed for loading smaller items. The cage also features 2 fixed and 2 rotating heavy duty castor wheels with brakes and a bar handle fixed to the cage, allowing you to easily push or pull the trolley and ensure excellent handling with ease. Whether you require a roll cage for loading, transporting or storage of items, this heavy duty and durable trolley from RS PRO has you covered.
