

## TECHNICAL DATA SHEET

### RS 189-0053 PE Recycled 2 Drum Spill Pallet Black

Rotationally moulded using recycled polyethylene and designed to accommodate 2 x 205ltr drums this spill pallet (only available in black) has a removable plastic grid for easy access to clean the sump.

This spill pallet is fitted with fork pockets to help with moving the pallet (we do not advise this is done when laden as the drums could slide off, or if unevenly loaded it could damage the spill pallet).

## Typical Properties
