## RS PRO Yellow Lockable 2 Doors Hazardous Substance Cabinet, 1535mm x 1m x 560mm

RS Stock No.: 251-867

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Introducing the RS PRO range of flame retardant Hazardous Substance Storage Cabinets. These high-quality, leakproof cabinets are ideal for the safe storage of flammable liquids, paints, pesticides and many other hazardous substances. The cabinet features a welded body which stops any leakage from the substances stored within the cabinet, ensuring that any hazardous substances are not exposed to the area they are kept in. These cabinets are essential to ensure COSHH regulations, as well as various other regulations to do with storing hazardous and flammable substances are met.

## General Specifications

<b>External Size</b>	1535mm x 1000mm x 560mm
<b>Height</b>	1535mm
<b>Width</b>	1000mm
<b>Depth</b>	560mm
<b>Locking Mechanism</b>	2 point steel locking mechanism

Shelf Data	
<b>Size</b>	1125mm x 560mm
<b>Width</b>	1125mm
<b>Depth</b>	560mm
<b>Each Capacity</b>	35kg (U.D.L.)

## Approvals

### Compliance/Certifications

HSG51 – Storage of Flammable Liquids in Containers, The Highly Flammable Liquids and Liquid Gases Regulations, Section 5 (1.D) and the guide to regulation No.5 (17), DSEAR Approved Code of Practice L136 paragraphs 94-96 along with Appendices A and B and paragraph 104

**CABINETS COMPLY TO THE FOLLOWING:**

- The guide lines set out in the Health and Safety Executive Guide HSG51 for the Storage of Flammable Liquids in Containers.
- The Highly Flammable Liquids and Liquid Gases Regulations, Section 5 (1.D) and the guide to regulation No.5 (17).
- The factory inspectorates Certificate of Approval No.1 parts 3 and 4.
- The Dangerous Substances and Explosive Atmospheres Regulations (DSEAR) Approved Code of Practice (ACoP) L136 paragraphs 94-96 along with Appendices A & B and paragraph 104 which details the performance requirements for fire resisting cupboards and bins. It is however important to emphasise that they do not specify an absolute test or standard for the cabinets or bins, rather they relate to the nominal construction principles.
