RS PRO Solder Sucker

RS Stock No.: 771-9543

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS Pro Solder Sucker de-soldering gun is hand operated standard model. The pump gun has a raised surface knurled grip provided you with excellent control when operating the solder sucker. A quality and economic too used to cleanly remove solder debris safely and securely. To assist you in removing solder the solder sucker picks up the debris by sucking it up and when finished you simply remove the debris and waste from the solder pump. This RS PRO solder sucker is easy to use clean and maintain.
