RS PRO Pack of 300 White Dry Wipes for Cleaning Use

RS Stock No.: 829-5130

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These clean room wipes from our RS PRO range are specially-designed for applications that require exceptional absorbency and superior strength. The material is a hydro-entangled, non-woven cellulose polyester, containing 55% cellulose and 45% polyester. Its superior absorbency makes it ideal for spill control in a clean room and controlled environments, as well as for general purpose wiping.
